Related Information

This report provides an in-depth look at rolling average ranges by region. For an overview of East of the Rockies markets and for daily spot price assessments, please visit the [OPIS East of the Rockies Refined Spot Report](#).

Subscriber Notice

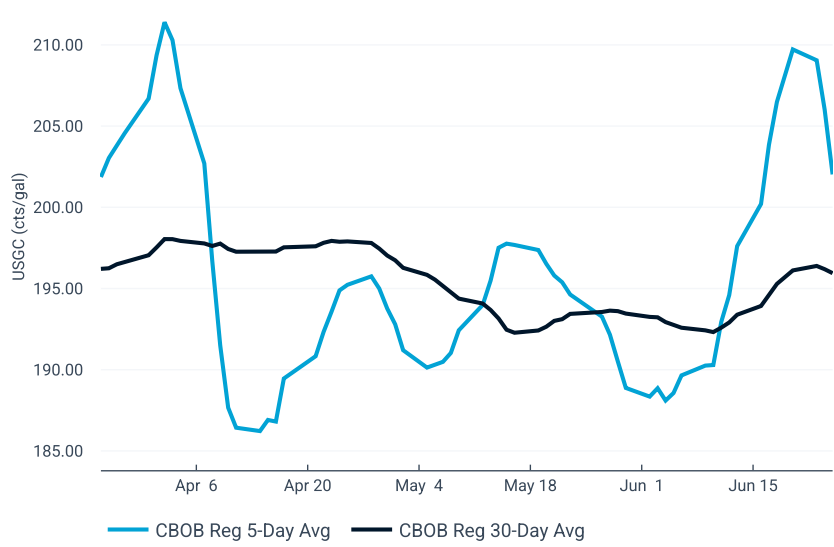

As part of our ongoing commitment to ensure our spot market assessments remain relevant, accurate and comprehensive, OPIS is declaring its annual one-month open comment period on all its spot pricing methodologies. From Monday, June 2, 2025, to the close of business Monday, June 30, please direct comments about our spot methodologies to OPIS_Compliance_Team@dowjones.com. To review OPIS' existing methodology for its various products and reports, please visit <https://www.opisnet.com/about/methodology/> OPIS' editorial and management team will examine each comment and evaluate whether the feedback ought to result in an alteration, enhancement or clarification of our methodology. Although comments are welcome any time of the year, we will repeat our open comment period on an annual basis.
